

# Proceedings of the 22<sup>nd</sup> International Colloquium on Latin American Earth Sciences

## Instruction for authors

### Neues Jahrbuch für Geologie und Paläontologie, Abhandlungen

Indexed in Science Citation Index - Expanded, ISI Alerting Services and Current Contents

**Neues Jahrbuch für Geologie und Paläontologie** publishes peer-reviewed papers (15 to 40 manuscript pages) on all fields of palaeontology, sedimentology, stratigraphy, general and applied geology, geodynamics. New scientific findings and thorough detailed studies are emerging at an ever increasing rate. All papers will therefore be published with the least possible delay within about 6-8 months after having been accepted by the Editor in charge.

### Submission of papers

Please send three paper copies of text, tables, figures or an electronic version of the manuscript (see illustrations and data format page) to the following addresses:

Stefan Götz, Universität Heidelberg, Im Neuenheimer Feld 234-236, 69120 Heidelberg, Germany, lak2011@geow.uni-heidelberg.de

Wolfgang Stinnesbeck, Universität Heidelberg, Im Neuenheimer Feld 234-236, 69120 Heidelberg, Germany. lak2011@geow.uni-heidelberg.de

**SUBMISSION DEADLINE: February, 20<sup>th</sup> 2012**

You are kindly asked to include phone, fax and email addresses.

Submission of a manuscript for publication in the Neues Jahrbuch für Geologie und Paläontologie is considered binding assurance that this work has not been and will not be published elsewhere in this form and length.

**Page charges** are not expected for regular papers.

**Copyright:** With acceptance and publication of a manuscript the exclusive copyright for every language and country is transferred to the publishers. The copyright covers the exclusive rights to reproduce and distribute the article including reprints, microfilm data files or any other reproduction and translations.

**Manuscript Structure:** Manuscripts of 15 to 40 manuscript pages should be written in English. If manuscripts exceed 25 printed pages please contact the editor prior to submission. Manuscripts must be ready for printing. This means prepared by a word processor or typewritten with double spaced lines on one side of the paper and paginated. To avoid confusion with spacing, block text and right justification should be avoided.

Authors not very familiar with the English language are kindly requested to send their papers to colleagues with English as a mother tongue for corrections before submission. Please structure the manuscripts in the following way: Title page, abstract, key words, text, acknowledgements, references, tables, figure captions and figures.

The **title page** contains title, name of authors with first name given in full. A short abstract is placed after the title. At the end of the abstract the authors should propose up to ten **key words**.

The **text** preferably written by MS-Word for Windows (please indicate software version), all fonts embedded. Author's names should be written in Small Caps, names of species and genera in *italics*. Please use boldface for volume numbers in references.

**Figures:** All figures and tables must be submitted on separate pages with only one item per page and, if ever possible as electronic files (Windows, PC). The name of the author together with the figure number must be written on the reverse side of each figure page. For every figure short and precise legends (headline/footnote) have to be included. The top of a figure must be indicated. Figures and tables should have a line weight and lettering suitable for reduction to the type area of 16,5 x 22,5 cm or less. The position of figures in the text should be indicated. Photographs should be sharp and of high contrast. Do not use colour or lead pencils. Pixel-based lineart figures must be supplied in tif or eps format at a resolution not less than 600 dpi. Electronically submitted halftones and photographs must be provided at a minimum resolution of 300 dpi. Please be sure that in eps files all fonts are embedded. Please avoid CorelDraw file formats.

**Citations in the manuscript:** Citation in the manuscript should be made in the following manner: (Author 1981), (Author & Coauthor 2001), (Author et al. 1998).

**Literature references:** List all literature cited in the text and arrange each reference alphabetically by authors in the following order: Journals: Author's Name (in Small Caps), year of publication (in brackets): title. – Journal, volume/ number (bold-faced); number of pages. Books: Author's Name (in Small Caps), year of publication (in brackets): title. – Number of pages, figures and tables: place of publication, publishing house (in brackets). Edited Books: Author's Name (in Small Caps), year of publication (in brackets): title. – In: (Ed.): *or* (Eds.): name of book, number of pages; place of publication, publishing house (in brackets). Please write out the full title of the journal.

Examples:

Flügel, E. & Hötzl, H. (1966): Hydrozoen aus dem Ober-Jura der Hesperischen Ketten (Ost-Spanien). – Neues Jahrbuch für Geologie und Paläontologie, Abhandlungen, **124**: 103-117.

Gwinner, M. P. (1971): Geologie der Alpen. Stratigraphie, Paläogeographie, Tektonik. – VIII + 477 pp.; Stuttgart (Schweizerbart).

Minnery, G. A., Rezak, R. & Bright, T. J. (1985): Depth zonation and growth form of crustose coralline algae: Flower Garden Banks, northwestern Gulf of Mexico. – In: Toomey, D. F. & Nitecki, M. H. (Eds.): Palealgology Contemporary Research and

Applications, 237-246; Berlin (Springer).

### **Fast Track publication (Pre-Print-Publication)**

Since 2010 manuscripts that are ready to be printed (e.g. accepted by the editors, composed and the proofs checked by the authors) are made available online prior to publication. Title and abstracts as well as authors names will be accessible by all visitors of the NJB online version. Full text will be available for online journal subscribers. Papers will have a DOI (*Digital Object Identifier*) assigned and may be cited. This new service will give the opportunity to have articles available well in advance of their actual printed publication date.

A special **Fast Track Articles** table of contents will be accessible on the journals online website (Ingenta). As soon as an article is published in print, it will be automatically removed from the **Fast Track TOC**.

### **Citation of Fast Track articles**

Gasparini, G. M., Kerber, L. & Oliveira, E. V. (*year of online publication*): *Catagonus stenocephalus* (Lund in Reinhardt, 1880) (Mammalia, Tayassuidae) in the Touro Passo Formation (Late Pleistocene), Rio Grande do Sul, Brazil.

Taxonomic and palaeoenvironmental comments. – *Neues Jahrbuch für Geologie und Paläontologie, Abhandlungen*. Published online December 2009; DOI: 10.1127/0077-7749/2009/0016.

**After** the paper has been published in print please cite as following:

Gasparini, G. M., Kerber, L. & Oliveira, E. V. (*year of print publication*): *Catagonus stenocephalus* (Lund in Reinhardt, 1880) (Mammalia, Tayassuidae) in the Touro Passo Formation (Late Pleistocene), Rio Grande do Sul, Brazil. *Taxonomic and palaeoenvironmental comments. – Neues Jahrbuch für Geologie und Paläontologie, Abhandlungen*, **254**: 261-273. Published online December 2009; DOI: 10.1127/0077-7749/2009/0016.

**Proofreading:** After acceptance of their papers, authors (the first-named author for multi-author papers) will receive page proofs prior to final printing. Author's corrections in proof must not exceed 1% of type setting costs; otherwise the author will be charged for additional costs. One set of the page proofs should be returned **immediately** to the publishers. In cases where the author is unable to make the corrections, he should appoint a representative responsible for this.

**Online access** for all subscribers: Beginning in 2007, the *Neues Jahrbuch für Geologie und Paläontologie* is available online through Ingenta. Articles are included in the CrossRef Services which allow direct access to referenced papers (published in this or other journals which are available online). Conversely, papers in other journals are able to reference papers published in *Neues Jahrbuch für Geologie und Paläontologie* by placing direct reference links. Please contact Ingenta.

**Reprints:** 25 reprints of an article are sent free of charge, alternatively a pdf-file for personal use. Additional reprints can be ordered at cost.

**Guest Editors:**

S. Götz, Heidelberg, W. Stinnesbeck, Heidelberg
